

DR. MUHAMMAD ASAD ALI

Associate Professor / Director Students' Affairs

DVM (UVAS, Lahore), M.Phil Microbiology (UVAS, Lahore), Ph.D. Microbiology (UVAS, Lahore)

Tel: +92-4299213661 Cell: +92-332-4142746 , +92-3338407373 Ext: 258

Email: asad.ali@uvas.edu.pk

Dr. Muhammad Asad Ali is PhD in Microbiology and serving at Institute of Microbiology for the last fourteen years as a faculty member. He is secretary, Board of Faculty, Faculty of Veterinary Science. He has 60 publications in national and international impact factor and HEC recognized journals on his credit. He is editor of Pakistan Journal of Science and reviewer of different national and international Impact Factor journals. He is focal Person / Incharge, BSL-3 Laboratory for Emerging Pathogens, Institute of Microbiology, UVAS, Lahore, involved in the testing of COVID-19 suspected human samples and has been awarded the certificate of appreciation from CM, Punjab, Secretary P&S Health Department, Punjab and President, Pakistan Veterinary Medical Council for his outstanding performance in fight against COVID-19. He is coordinator of Virology Section, IOM, UVAS. He also has co-authored one extension booklet; one popular press publication, two manuals, won 04 research grants including one as PI and three as Co-operative scientist; supervised 32 M.Phil students; currently supervising 01 PhD and 06 M.Phil students. He has participated in more than 50 national and international conferences as organizer, presenter or invited speaker.

Area of Interest

- Isolation, Identification, characterization and antimicrobial resistance profiling of pathogenic microbes of veterinary and human importance.
- Isolation, characterization and development of biologics for animals, poultry and human beings

Publications

RESEARCH PROJECTS

Sr. #	Title of Project	Funding Agency	Amount (Rs. Million)	Status
-------	------------------	----------------	----------------------	--------

1	Development and Preclinical Studies of Inactivated COVID-19 Vaccine	Government of Punjab	100	Team member, (In progress)
2	Evaluation of anti- <i>Campylobacter</i> activity of indigenous probiotic lactobacilli alone and in combination with different organic acids in poultry (PI)	HEC (NRPU)	3.4	P.I. (Completed)
3	Development of inactivated polyvalent vaccines for the control of mastitis in dairy cattle (CO-PI)	PARB	10.905	Team leader (Completed)
4	Optimization of smart surveillance for smart lock down strategy through monitoring SARS-CoV2 from Sewage water	P&SHD, Punjab	16.9	Team member, (Completed)
